

Pursuant to Rule 213(d) of the Commission's regulations, answers to petitions are due within 30 days after filing, unless otherwise ordered.<sup>2</sup> Some of the issues presented in the petition are currently under review in the complaint docket for Project No. 2042-001. To avoid possible confusion and to ensure adequate notice to all interested persons, the Commission staff has determined that notice of the petition for a declaratory order should be published and that the deadline for filing an answer, comments, protests, or petitions to intervene in connection to the licensee's petition for a declaratory order should be as established in this notice.

Any party to the complaint proceeding may file an answer to the petition for a declaratory order; and any person may file comments, a protest, or a motion to intervene in Docket No. EL95-48-000; in accordance with the requirements of the Rules of Practice and Procedure, 18 CFR 385.210, 385.211, 385.213, and 385.214 (1995). In determining the appropriate action to take with respect to the petition, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any answers, comments, protests, or motions to intervene must be received no later than July 24, 1995.

[Docket No. RP94-296-000]

### **Williams Natural Gas Company; Notice of Filing of Status Report**

June 23, 1995.

Take notice that on June 19, 1995, Williams Natural Gas Company (WNG) tendered for filing its report on the status of its cases in litigation.

WNG states that the purpose for the instant filing is to comply with the Commission's order in Docket No. RP94-296-000 issued June 20, 1994. The order directed WNG to file a report

the Commission amend its license to authorize the use and occupancy of Indian lands as necessary to continue with existing project operations, and to establish annual charges for affected Tribal lands under Section 10(e) of the Federal Power Act (FPA). The licensee further requests that, if material issues of fact must be resolved related to either the requested declaratory order or license amendment, an opportunity for an evidentiary hearing be granted.

<sup>2</sup> 18 CFR 385.213(d)(2) (1995). See also 18 CFR 385.202 (1995).

on the status of its cases in litigation every 12 months, beginning July 1, 1995, until the cases are resolved. WNG states that this report is provided as Attachment 1 to the filing.

WNG states that a copy of its filing was served on all participants listed on the service lists maintained by the Commission in the dockets referenced above.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 925 North Capital Street, NE., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests should be filed on or before June 30, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

### **ENVIRONMENTAL PROTECTION AGENCY**

[FRL-5249-7]

#### **Agency Information Collection Activities Under OMB Review**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collection and its expected cost and burden; where appropriate, it includes the actual data collection instrument.

**DATES:** Comments must be submitted on or before July 31, 1995.

**FOR FURTHER INFORMATION CONTACT:** For further information, or a copy of this ICR, contact Sandy Farmer at (202) 260-2740.

#### **SUPPLEMENTARY INFORMATION: Office of Air and Radiation**

**Title:** Protection of Stratospheric Ozone: Labeling (EPA ICR #1757.01).

This ICR request approval of a new collection.

**Abstract:** All products containing a class I or class II ozone depleting substance and products manufactured with a class I substance must be labeled in accordance with the requirements of the Clean Air Act Amendments of 1990 and EPA regulations at 40 CFR 82.100-82.124. The Agency will inspect to ensure that these products contain the appropriate label and will work with Customs to ensure that importers comply with the regulations. The Agency also provides for exemptions from these requirements in cases where no viable alternative exists to the use of a class I substance in manufacturing. Such exemptions are available by petition and the Agency will use the information submitted in a petition to determine whether to grant the petitioner's request.

**Burden Statement:** Public reporting burden for this collection of information is estimated to average 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering the data needed, and completing the collection of information.

**Respondents:** Manufacturers and importers of products containing class I and class II ozone depleting substances.

**Estimated Number of Respondents:** 80.

**Estimated Total Annual Burden on Respondents:** 5040 hours.

**Frequency of Collection:** as needed.

Send comments regarding the burden estimate, or any other aspect of this information collection, including suggestions for reducing the burden:
